

PROTECTIVE DRAPES

KAPOK'88 Protective
Drapes For Lift Cars 73

KAPOK'88 PROTECTIVE DRAPES FOR LIFT CARS

The high-quality drapes amortise fast, are easy to install and can protect the interior effectively. KAPOK'88 drapes are flame retardant. They are equipped with a transparent PVC window in front of the control panel as well as a sign showing "attention glass" or "mirror behind" if applicable.

KAPOK'88 drapes are shipped in a firm bag. They are available in beige or blue cotton or blue PVC. Other colours upon request.

A number of permanent and temporary mounting options allow maximum flexibility.
